DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Claims:

Claims 14 and 15 are cancelled.

End of examiner's amendment.

Election/Restrictions

2. This application is in condition for allowance except for the presence of claims 14 and 15 directed to an invention non-elected without traverse. Accordingly, claims 14 and 15 have been cancelled.

Allowable Subject Matter

3. Claims 17 and 19 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose the device of claims 17 and 19, in particular the additional limitation that there are laser beam irradiated voids on the projecting portion of the heat diffusion member and on the pixel electrode (simultaneously made), which electrically insulate the pixel electrode from the common electrode after they are short-circuited. Claims 17 and 19 are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew Schechter whose telephone number is (571) 272-2302. The examiner can normally be reached on Monday - Friday, 9:00 - 5:30.
